U.S. Scholars

Fulbright Research Scholar Grants to France: Paris Seine University

This grant is intended for researchers in all disciplines to conduct projects with a member institution of Paris Seine University.

ELIGIBLE FIELDS	All research fields are eligible, but priority will be given to the main research fields of the Paris Seine initiative: global complexity (a multidisciplinary approach to the major scientific, political, and social issues of the 21st century), modelling sciences, heritage sciences, and their three areas of applied research (business and finance; art, luxury, and heritage; risk, society, and security).
NUMBER OF AWARDS	1-2
LENGTH OF AWARDS	4-10 months
BENEFITS (MAINTENANCE AND TRAVEL)	2800€ per month, plus a 1200€ travel allowance
HOW TO APPLY	The American applicant directly submits an application to the International Institute of Education (IIE) once he or she has obtained the support of a French host institution. Applicants must apply through the IIE website at https://awards.cies.org/content/fulbright-paris-seine-university-award
DEADLINE	August 1, 2018
ABOUT PARIS SEINE UNIVERSITY	Paris Seine University was established in 2015 to facilitate cooperation and collaboration among its member institutions on degree programs, student life, research, international strategy, and partnerships. These institutions include the Université Cergy-Pontoise, ESSEC Business School, engineering schools, and schools of art and architecture. Its research laboratories cover a wide range of fields, from bioengineering to information technology, education, law, mathematics, cosmetics, and sport health science. For a complete list see: http://www.universiteparisseine.fr/recherche/
FRENCH LANGUAGE PROFICIENCY	French language ability should be commensurate with the requirements of the project. Many host institutions offer language courses. Candidates who intend to improve their French language skills are preferred.
